**'JOHN' - A levels**

**Cerebral Palsy**

**Achievements: A levels**

John had a strong interest in languages and came to Priestley with good GCSEs. He was an independent student, however left arm weakness presented problems in using the keyboard, particularly for languages. A specialised keyboard was provided, with hot keys, to enable him to use the language lab. He also attended regular support sessions to help him with organisation of files, successfully achieving his A levels by the end of his second year.

**Testimonial:**

**'I find study support a great deal better than my previous school. The level of support is much greater and I actually receive help without having to keep asking.'**

**John is now an administrative officer in an organisation**
