Train Services

TO WARRINGTON BANK QUAY

From Frodsham, Runcorn and Newton-le-Willows

TO WARRINGTON CENTRAL

From Widnes

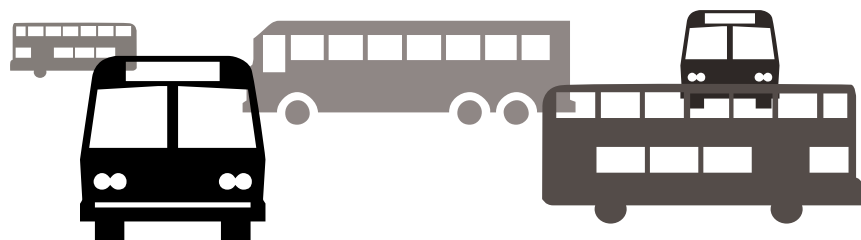

Both stations are situated near the town centre and are just a 20-25 minute walk to the Menin Avenue entrance to the college off Wilderspool Causeway.

Bus Pass Information

If you use Warrington Borough Transport Services to get to College you will be able to buy a Town Saver pass. The Town Savers cost £6 per week or £19.50 per month whilst the Network Saver costs £7.75 per week or £25.50 per month.

These passes entitle you to use any WBT service any day of the week including weekends (see over to see if you will need to buy a Town or Network Saver).

To get your pass you will first need to be issued with a photo ID pass from College. These will be available from College at registration, but you will need to bring a passport sized photo with you (**2nd Years note: you can use your ID pass from 2008/09**). You will then be able to buy your weekly or monthly passes from College or the Interchange. If you live outside of the Borough of Warrington and are unable to use WBT you will need to apply for your own pass from Arriva, Halton, or your local train or bus operator.

NEW SERVICE FOR WIDNES STUDENTS: STARTING SEPTEMBER 2012

Improving your access to the area's leading provider of A Level and BTEC Level 3 qualifications.

We are delighted to announce that Halton Borough Transport are introducing a new daily service to and from Widnes direct to Priestley Sixth Form College.

The service will depart from **Arley Drive** at **7.35am** and proceed to **Hough Green Station, Chesnut Lodge, Albert Road, Crow Wood Corner, Penketh Crown and Cushion, Sankey Bridges, Warrington Town Hall** and arrive at **Priestley** at **8.25am**.

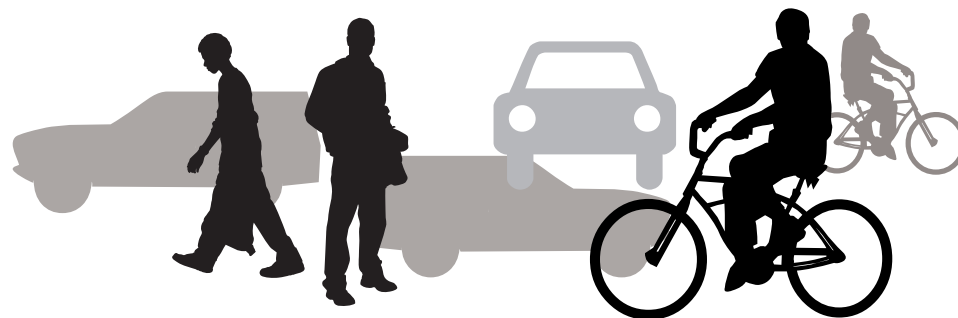

The return journey will depart from Priestley at **4.20pm** on Monday, Wednesday, Thursday and Friday and at **2.55pm** on a Tuesday.

Students will be able to use Halton Transport bus passes (currently £12.50 per week) on this service or on any other Halton Transport services at other times of the day or at weekends ensuring that you can travel to and from Priestley as your timetable dictates.

For further information on travel to Priestley see:

Your Routes to Success

www.priestley.ac.uk

CYCLING TO COLLEGE

The College has a number of cycle racks where you can secure your cycle. Those to the front of the Crescent Building also have overhead lockers where you can lock away your cycle helmet and other equipment if you wish.

Cycle Allowance: If you live within the Borough of Warrington and more than three miles from College you can apply for a cycle allowance of £50 towards your costs. Application forms will be available from College at registration.

DRIVING TO COLLEGE

We would rather students did not drive to College by car. Car parking is at a premium and although we currently provide a designated car park for students, spaces are very limited and we are not able to guarantee anyone a space. If you find there is no space at College you may have to park some way away and the local police and parking attendants are very strict with those who do not park legitimately on local streets. You should avoid parking in local streets that were not designed to accommodate double parking. This is especially the case with the narrow streets off Wilderspool Causeway where local residents in particular feel aggrieved when they find student cars blocking their way

If you choose to travel to College by motorbike, motorcycle or motorscooter there is a designated motorbike parking area to the rear of the Priestley Building.

GETTING DROPPED OFF

If you are getting a lift to or from College, unlike schools we are happy for drivers to drop you off in the main parking area or just outside the Crescent Building as this is far safer for you and other local road users and pedestrians.
